EXPERIENCES

FEB 2015 - TODAY

FASHAPE

Fashape - Rome, Italy
Co-founder and CTO

Fashape is the startup that help people to find the best men's fashion products through a daily wish list of most voted objects from social networks. The entire development of the site was carried out by me with Meteor javascript framework and Microsoft Azure cloud resources.

FEB 2015 - MAY 2015

InnovAction Lab - Rome, Italy
Software Developer

InnovAction Lab is a training course that gives you the ability to turn your innovative idea into a startup. At the end of the course I was able, with my team, to found our startup: Fashape.

SEP 2013 - SEP 2014

H.S.C. s.r.l. - Via Elio Lampridio Cerva 103, 00143, Rome, Italy
Software Developer

For over a year I have collaborated for developing an enterprise software, using Delphi programming language and PL/SQL for database queries.

APR 2013 - JUL 2013

I.S.T.C. - C.N.R. - Via S. Martino della Battaglia 44, 00185, Rome, Italy
Intern

For my internship I developed a desktop application to a robotic platform with the aim of analyzing the person's posture and balance through three simple exercises engines. The application was developed in C# and working closely with the Kinect sensor for tracking posture.
